Who We Are

Background

At Indiano Chrome, we are dedicated to manufacturing top-quality Chrome Metal and Low Carbon Ferro Chrome, tailored to meet the diverse needs of industries worldwide. With years of expertise, we have earned a reputation for excellence, reliability, and innovation across Asian, European, and American markets. Our commitment to superior craftsmanship and global standards ensures that clients around the world receive products they can trust.

Setting Benchmark Standards Since 2020s

ICPL is a recognized leader in the manufacturing of LC FeCr, producing 12,000 TPA of this high-quality product with unmatched consistency. Building on our legacy of excellence, we are now extending our expertise to the chrome metal sector with a new 5,000 TPA production facility. By sourcing the finest raw materials from trusted chrome and allied metal distributors, we ensure that both our LC FeCr and chrome metal offerings adhere to the highest quality standards. Leveraging our established leadership in LC FeCr, we are determined to drive the same level of excellence in chrome metal, positioning ourselves to become the leading player in this segment as well.
